

Update from our Mission Partner Msalato Theological College in Dodoma, Tanzania

Paul Mginila who we have supported through his theological studies has now finished and is awaiting ordination back in his home diocese. We are now supporting a new student from the diocese of Biharamulo which is a long distance from the College. His name is Pantaleo Kazimili Bigendelaho. He is married to Anastazia. His studies are going along well but do pray for his progress and his family who are away from him during the term time. Pray also for Rev Dr George Otieno who is known to many at St Andrew's after he studied for his PhD in Leeds several years ago.
